On Tuesday, March 24, the Illinois Commerce Commission granted the Rock Island railroad a general 20% fair increase on its suburban commuter lines to Joliet. LIONS SPEAKER
URGES UNITY ON
MOKENA PARK

Probation officer for Will county, Paul Ohman, was the speaker at the regular meeting March 19 of the Mokena Lions club. His address, "What Can This Community Do For Our Children" was of such importance to all of Mokena that a few of its highlights might well be mentioned. Coming at this particular time when everybody is getting ready to obtain our new recreational park made his talk doubly significant.

An important factor, Ohman began, was that a park project such as is now underway should have the united support of all organizations, and that such a project could not be undertaken by any one club. Long range plans should be made for the continuity of the project based on growth and future needs; perhaps additional sites should also be spotted while land was still available and "at comparatively low rates," he continued.

Studies might be made as to the financial support needed, how much is the community willing to spend, what is the source of the income needed, how permanent would it be, he said.

Mr. Ohman also emphasized the extreme importance of planning for professional supervision of the park. Without supervision and proper maintenance a park would fail as a help to the children in preventing delinquency. Vandalism and plain "busting up" of things are often second nature to youngsters if left to their own devices, but are entirely absent under supervision and guidance. He mentioned further how expert advice could be obtained from various welfare agencies who would gladly furnish such information at no cost, including trial supervisory personnel when needed. In preparing plans he felt that it was quite important to consult with the children to find out what they think they want.

In concluding his talk he said if we planned properly we would save money, effort and headaches and that "by making haste slowly you can really do something for the children of this community."

Judge Cowling also attended the meeting but made no speech during the meeting. Everybody enjoyed the informal visiting with both visitors after the meeting.

The Easter egg hunt for Mokena youngsters will be held early in the afternoon of Easter Sunday. Chairman Olson urges every member to bring one dozen hard boiled colored eggs to the next meeting, Wednesday, April 1. If unable to attend the meeting the eggs may be left at Ray Hoolehan's office before Saturday, April 4.

Announcement was made of the third annual Ladies Night for the seven clubs in the Joliet Zone to be held in the American Legion hall in Joliet Saturday, April 4. Each club will be limited to 50% of its membership due to the limited capacity of the hall. Chairman Hank Shevlin still has a few tickets and will dispose of them on a first come basis. Entertainment following the dinner will be furnished by each of the clubs.

Two teams have been formed from volunteers to solicit funds for the new park. Additional volunteers may report to Ray Hoolehan to help in this "all Mokena" civic enterprise.

The refreshments after the meeting were handled by Everett Cooper and Harold Cooper. For the April meetings, the K. P. crew will be Tony Dinah, Ed Dunham and Milt Geuther.

Next meetings: Monday, April 13 and Thursday, April 16. —Fred G. Lehmann, Publicity.

BREAK GROUND FOR DIST. 210
LINCOLN WAY HIGH SCHOOL

Members of school board: Reading left to right, Ray Reiter, New Lenox; Lawrence Kohl, Mokena; Earl Robinson, New Lenox; president of the board A. H. Krusemark, Jr., Frankfort; Lester Case, and George Bovee, both of Manhattan; and James Dixon, Lincoln Estates. (News-Bulletin Polaroid One-Minute Photo)

The first step towards the procurement of the new Lincolnway High School for New Lenox, Frankfort and Manhattan townships was taken Saturday afternoon with the breaking of ground. Stakes were driven from the east to the west end of the entire width of the school. Despite a strong wind blowing from the southwest, about 200 people were present. This in itself was an indication of the high degree of interest being manifested in the construction of this new school.

Attorney Albert H. Krusemark, of Frankfort, president of the Lincolnway School board, turned the first spadeful of dirt with a highly polished implement to which red and white streamer ribbons were affixed.

Prior to the turning of the ground Mr. Krusemark made a few appropriate remarks. He said that after many years of preliminary work the people who were gathered there that afternoon were witnessing the real beginning of the Lincolnway High School. The school, he said, will be a modern one, up to date in every detail. It will be 640 feet long, and although it faces Route 30, he pointed out, it will be well set back from the busy highway.

The ground at that point is slightly higher than the street level, giving a beautiful view looking towards the north of the creek and the wooded area surrounding it.

Mr. Krusemark said that the building will be one story, except for one section, which will be two stories, and there will be 22 rooms constructed.

Don E. O'Connor, president of the Regan Construction Co. stated that he planned to move his big bulldozer to the site Monday to begin the leveling work. The bulldozer will also be used to dismantle several of the farm buildings on the property. This was previously a 70-acre farm belonging to the Harry Shepley family, which was purchased by District 210. The Shepley family have now bought the George Warning farm in Mokena, and moved there over last weekend.

Mr. Krusemark called attention to the fact that the new school will be one which all neighboring communities can be proud of, not only as an educational center but as a social center as well. It will be a decided asset to these communities, and to the students too. They are

New Lenox PTA
Holds Election

At the March 10 meeting of the PTA of New Lenox the following officers were elected:

President, William Heidrich re-elected; vice president, Mrs. Helen Holt; secretary, Mrs. Jan Anderson; treasurer, Mrs. Jean McCleary.

They voted to give \$50 to the piano fund, \$25 to the Band Parents Association, and \$25 towards the purchase of some plates and dishes for the kitchen.

planning for a number of adult evening classes when the school is built and in operation, and it is confidently expected that the building will be completed and ready for use by September, 1954.

As previously stated in the News-Bulletin, contracts totaling \$1,235,000 have been let by the board.

A number of contractors were present. Among them were Carl Rancke, of the architect firm of Charles & Smith, Charles Morrow, superintendent of Charles & Smith, Howard Lowe, of A. J. Lowe & Sons, plumbing contractors, of Lyons, Ill., Mr. Borg of Borg, Inc., heating contractors, of Chicago, Don O'Connor, general contractor, and others.

While the ceremony of ground breaking was in progress two Rock Island trains gave extra color to the scene; one a streamliner rushing west, and, some time later, a long diesel-driven freight train, also going west, which could be seen far in the distance winding its way thru the countryside.

This proved to be a very joyous day for many of those who had worked hard toward this end for a number of years, and who had had the forethought to look forward to the education of their children and other people's children in this fast-growing area.

Mrs. Florence Pitman of Mokena, who was present at the ceremony, made some interesting observations to friends at the scene. She pointed out that her children's grandparents, on both sides of the family, and her own children have traveled this Lincolnway for more than 100 years, and she has, therefore, a special interest in the Lincolnway school. (Mrs. Pitman, by the way, had suggested the name for the school which was accepted by the board.) The children's paternal grandmother, Miss Bertha Parkert, of Orland, as a young girl always walked from her home in Orland to attend the camp meetings at New Lenox—a distance of about 13 miles—and likewise their maternal grandmother, Minerva Walkerly, of Crete, always attended the same camp meetings as a young girl. Although these two did not know each other they were always faithful attendants at the camp meetings held there by the Methodist church in the early days of this area.

LINCOLNWOOD HILLS

Anne Halik & Dorothy Owen
5324 5233

Remember the Community club meeting Friday, March 27, bring potato chips, deviled eggs, cup cakes and pop for your own family.

Mr. and Mrs. William Stoner, daughter Cheryl left on a well earned vacation, March 19. They plan to go to Altoona, Pa., then to Washington, D. C. and other points east.

The girls of Lincolnwood too, are alert when it comes to fighting fires. Marie Korsgaard and daughter Janet, went to the aid of Helen Madden, when a spark from burning rubbish ignited the grass back of their home. Being that it was so windy Saturday, they had to step around lively.

Mrs. Ros Salvato fell down the stairs in her home and injured her back seriously, and has been forced to remain in bed. Hope you will be good as new soon.

Spring has come to Lincolnwood. Witness the crocuses in Maddens and Korsgaard yards. Mr. and Mrs. Edwin Meyers celebrated their 16th wedding anniversary March 20. We wish you many, many more.

Mr. and Mrs. Marcel Halik, daughter Millicent visited with Mr. and Mrs. George Novak and daughters Susan and Georgene at New Lenox Saturday night. Mrs. John Glade of Manhattan, sister of Mrs. Halik showed picture slides that she and her family had taken while on a trip to La Mesa, Calif., where they visited with the Joseph Novaks formerly of New Lenox. Later a little birthday celebration in honor of Susan Novak was the climax of the evening. Susan is now five years old, and is recovering from polio.

The monthly pot luck luncheon was held in the home of Mrs. Betty Jane Malloy. A very pleasant afternoon was had by all.

Danny Owen, our little news boy, has been laid up with the measles, but he is back to school and to his paper route. Now his sister Judy is down with them. They sure want to keep it in the family. Rough going Mrs. Owen, we all know how that goes.

Mr. and Mrs. Viggo Korsgaard of Round Brook, N. J. have been guests of the Paul Korsgaards for the past week. They departed for their home Monday.

Betty Jane Malloy has been taking care of her little nephew Michael Malloy, while his mother is awaiting the arrival of another little Malloy.

Mr. and Mrs. Wallace Winslow and son, Wallace, Jr., and Mrs. Edward Neuhaus, all of Melrose Park, spent Friday with their aunt and sister Mrs. Walter Thode.

Mrs. Rose Rabiaga entertained at a family dinner Sunday night in honor of her 68th birthday. Her three married daughters and their husbands and children from Chicago were present, with Ann and Lawrence who live at home. Also Mr. and Mrs. Walter Thode and daughter Louise. Later in the evening cards were played. We wish Mrs. Rabiaga many, many more birthdays.

Drive Slowly, Children At Play
We, all of us hurry, most times with good reason. But please let's remember that this is the season. When the sun gets warm and grass gets green, and a lot of kids on our roads are seen. The mothers are watching with attitudes prayerful and hoping the drivers will be very careful. So don't drive so fast, you can't stop on a dime. When going some place, give yourself lots of time. Children forget, but we must not. So keep a close watch. For the wandering tot.

HOMER

Lockport, Ill. 1
Telephone Lockport 1387M

The Wayside Workers circle of King's Daughters will meet in the home of Mrs. E. A. Cary, 228 Third avenue, Joliet, Wednesday, April 1 at 1:30 o'clock. A special feature of the meeting will be pictures of Formosa and Japan which will be shown by Miss Louise Delane, a Joliet school teacher, who was a teacher in the Far East, where she took these pictures last year. Please note the change from the customary Thursday to Wednesday for this meeting.

Mr. and Mrs. Barney Welter entertained about 50 relatives and friends at a buffet supper last Sunday evening in honor of their daughter, June, who received her Nurse's cap from St. Joseph's school of nursing in Joliet Sunday afternoon.

Relatives of the George Milton family who came from out the state to attend the funeral of George Milton, Jr., last week were Mrs. Solon Brown, Mrs. Elmer Cox and Mrs. Lourine Martin, all of LaCygne, Kans., Miss May Milton of Kansas City and Mrs. Perry Black, son George of Adrian, Mo. They all returned to their homes Tuesday except Miss Milton who remained here until Thursday.

Robert Burch attended a school for soil conservation directors Friday in Kankakee.

Work has been started on the new home in Lockport which is being built for the Harold Finley's.
Homer church young people

attended a youth's meeting in the Lockport Congregational church Sunday evening.

The CAC's will sponsor a box social in the church Saturday evening, March 28. Each woman and girl is asked to bring a box of lunch for two, which will be auctioned for the benefit of the organ fund. Everyone is invited.

Plans are being made for the sale of the former Lauffer school property, probably April 18.

Mrs. Walter Konow who underwent surgery in Silver Cross hospital, early last week, is doing nicely.

Mr. and Mrs. John Loucks spent the week end in Minneapolis, where they visited their daughter, Betty, who is in the Air Force.

Miss Bessie Sproat, Harry and Glenn Sproat, and Perry Bishop were Sunday afternoon visitors in the Wright Woods home near Frankfort.

HOMER CHURCH

Rev. H. M. Finley, pastor
Walter Boyce, superintendent

On Maunday Thursday evening at 7:30 o'clock, there will be services in the church which will include Communion, and the following day the Homer church will join with several Lockport churches in the Good Friday service from 12 noon to 3 o'clock in the Congregational church in Lockport. Rev. Finley will be one of the speakers and the service will be divided into seven parts. One may attend any part or all of this service; the public is invited.

Easter morning a group of Homer young people will go to the Community Center Foundation for the sunrise service and return to the church in time for the breakfast sponsored by the CAC. Reservations should be made for the breakfast with Mrs. Arthur Shepherd. All are invited.

At 10:30 the Sunday school and church will have a combined service at which time it is expected that several persons will become members of the church.

Go to Sunday School

Beginning the second week following Easter, America will observe the ninth annual recognition of National Sunday School Week (April 13 thru 19).

Lasting the entire week, this all-faiths drive is planned with an idea of stimulating the attendance of every adult and child at the Sunday School of his own choice on Sunday, April 19th.

Sponsored by the Laymen's National Committee, a non-profit, non-sectarian organization consisting of men and women from civic as well as business fields, this worthy project is yearly highlighted throughout the entire country.

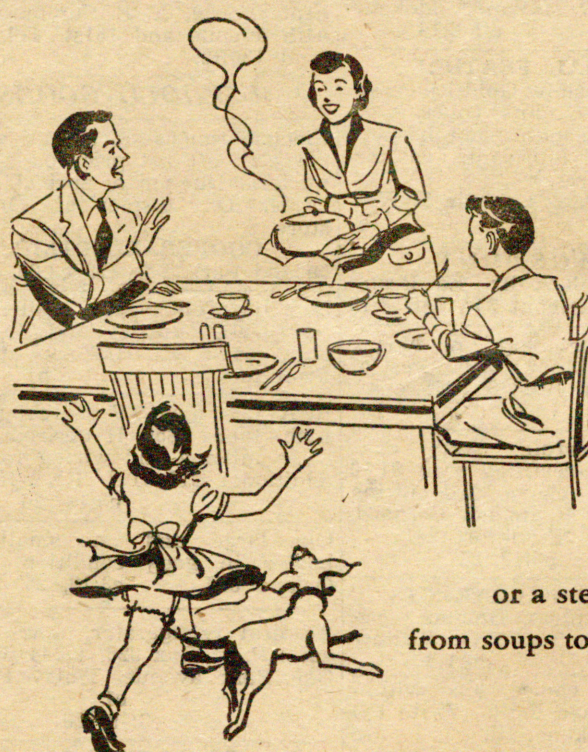

Laying foundations of faith thru the training in religion for our little ones is all important if we as a nation are to survive in today's world of paganism and constant conflict. Our Sunday Schools are more than mere religious training institutions—they are a combination of the ministry and lay workers, a happy team, united in their selfless dedication to an ideal of an ever closer relation between man and God.

IGHATS!

Ever hear of IGHATS? It is the slogan of a new mass movement and it means "I'm gonna holler about taxes." It had its beginnings at a Cedar Rapids community luncheon where industrial workers earning \$3,400 a year learned that they were paying \$1,100 a year in taxes, \$800 of which is hidden. It has been spreading fast. Ministerial groups, union locals, chambers of commerce and other such organizations have promised it support.

The IGHATS battle cry couldn't have been sounded at a better time. In 1929, federal spending amounted to 3.6 per cent of the national income. Now, it is estimated, it amounts to more than 30 per cent. The IGHATS movement is designed to do something about this situation—and do it in a novel way in which everyone can participate. How about joining up?

What happened? It seems the jinx was bowling with the majority of the bowlers this week from all the low scores. There were only 3 series over 500 this week. Bud Diekmann is still tossing the strikes for a 196-511 this week. Bob Oates had a 192-517 and Ava Funk 203-529.

Bremen State Bank won 3 games from INN Beatty. Bob Oates had high series for Bremen State and Bud Diekmann's high game. The jinx really settled on INN as Bill Rick was the only one to roll over 400 and he was high with 160-411.

Vogt's Dept. Store won 2 1/2 games from H&S Feed. The 1st game was a tie so each team is credited with 1/2 game won. Ava Funk was high for Vogt's and Andy Plattis was high for H&S with 161-474.

Goebel's Ins. won 2 from Lehmann Bros., although the jinx was really setting on the captain's shoulders. Frank Roecker was high for Goebel's with 202-477. Ray Mager was high for Lehmann Bros. with 164-477.

Fined for Driving Through School Yard at Frankfort

A county court jury, composed of three men and nine women, found Robert Hauser 18, of Lincoln Estates, guilty of reckless driving, and fined him \$25 and costs last Thursday. The jury also recommended that Hauser's driving license be revoked for six months.

County Judge John Cowing explained to the jurors that the county court cannot revoke a license on a reckless driving charge unless there were two previous arrests.

The charge against Hauser was that last November, while the children were at play, he had driven through the school yard at Frankfort. Hauser first pleaded guilty to the charge and asked for probation, but later withdrew the guilty plea and pleaded innocent.

Attorney Francis Loughran defended him. Prosecution was conducted by Paul Brumund, assistant state's attorney.

Snip 'N Snack 4-H

Announcement was made of family night to be held April 7. The demonstration clinic will be held April 10; Marlene Schweisow has been asked to give a demonstration at the clinic; the group will give a shower April 12 to Norma Krapf, a former member.

The program consisted of talks, stories, and poems. Courtesy was a subject which covered games on streets, in corridors, at church, etc.

New members joining the group were Joanna Schuldt, Donna Elberts, Janet Johnson, Joyce Heisner, Sharon Utte, Barbara Zatteau, Suzanne Delaney, and Barbara Smego.

From where I sit ... by Joe Marsh

"Biff" Falls for His Own Story

Biff Morgan's four-year-old daughter Rusty is something of a night owl. Stays awake way past her bedtime.

Every night Mrs. Morgan complained about how hard it was to get Rusty to go to sleep. Finally Biff decided to handle the situation. "Anyone can get a kid to sleep — takes a little patience! Here, hand me her storybook."

He grabs the book and goes into Rusty's room. About an hour later Rusty comes padding out in pajamas and hands her mother the book. "Read it quietly," she

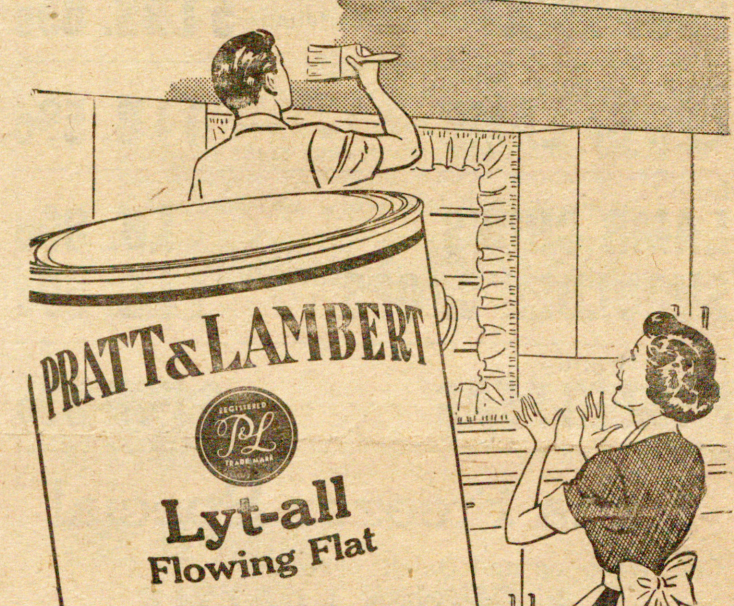

whispers, "so we don't wake Daddy."

From where I sit, Biff won't be so quick to be a "child-care specialist" the next time. If we could just resist being such "know it alls," our neighbors would be better off. Take those who would deny me a glass of beer with my supper — well, I might not care for the buttermilk they like. We all ought to realize that we all have different abilities and different preferences, too.

ACCURATE DRILLING

Use a JOHN DEERE - VAN BRUNT Grain Drill

Bumper, bin-bulging yields are born at seeding time . . . better stands, more even ripening of grain are the result of accurate drilling at even depth.

Accurate, uniform seeding is yours in a John Deere-Van Brunt Model "B" Grain Drill. Adjustable-gate fluted force-feeds drill all seeds in any desired quantity per acre. Spring pressure on the furrow openers

always remains uniform because it is applied with jackknife effect. What's more, you can drill faster with a Model "B," too, for low-wheel construction provides a shorter seed drop . . . makes possible accurate drilling at speeds up to six miles per hour. See us for complete information about this faster, more accurate grain drill.

BABSON SAYS-

Babson Park, Fla. One of my readers has asked me if we all would not be better off without bothersome salesmen who get a foot in the door and sell things people don't want. This reader, a mother, said she hoped that her son wouldn't grow up to be just a salesman. She had higher aspirations for him.

Why do so many people today look down upon the salesman? To get a clue to this, I tried a parlor test on a number of people, a test which, by the way, is standard psychological procedure used by many advertising agencies in preparing copy. I asked a number of people to write down, as rapidly as possible, the words that came to them when I mentioned the word "salesman."

Try this experiment. You will get responses like this, life insurance, tomb stones, vacuum cleaners, television sets, silk stockings, women's lingerie, encyclopedias, silverware, "imported" linens, books, magazines etc. Yet, those who call at your house to sell these things represent only about 2% of the total sales force of this country. The 98% are selling to the nation's millions of retailers and corporations.

The Importance of Salesmen Today

I'm frank to admit we have, and probably always will have with us, a few get rich quick boys who want to make a fast buck. They are high pressure artists who are here today and gone tomorrow. They never learned that really to sell you have to get close to a prospect, get his confidence and give him real service. But men of this type are also found in Congress in labor unions, and, yes, even in medicine! So let's not put a blanket condemnation on the entire selling profession.

What my reader did not fully understand is the importance of the salesman to our economy. She did not quite seem to grasp the idea that our country has learned how to produce not only all the tremendous amount of military material we need, but also all the consumer goods we can use. And that the major fear of business right now is the fear of over-production. She does not realize that the salesman is the link in our free economy, and that, by creating and satisfying enough new wants, only he and those who sell advertising can keep our economy in high gear. The salesman is a mighty important person.

Job Ceiling Unlimited

Sales work has a special appeal to ambitious young men because earnings are in direct proportion to hard work and ability. The salesman gets a terrific bang out of his job because he knows his efforts cause people to raise their standard of living. He knows, too, that if only a thousand people buy an article without salesmanship, it may cost \$10.00, but with good selling and resultant mass production, the consumer may get the same article for as low as \$2.00.

A good, creative salesman has the spirit of the missionary—a lot of courage, honesty, unbounded energy, persistence, firmness and unusual adaptability. The good salesman must be able to withstand extreme frustration, be able to organize his own work and work under pressure. The good salesman is not a clock watcher. He always wishes the work day were just a little longer.

Good Salesmen Make Good Incomes

Whether a young fellow starts out as a manufacturer's representative,

sentative, wholesale salesman, specialty salesman, sales engineer or retail merchandiser, his opportunities are what he makes them. If he's a good salesman he will want to work on commission. Then it's strictly up to him whether he makes \$25 or \$250 per week.

Starting guarantees for college seniors wanting to sell range from about \$2,730 to \$3,600. The average, after years, is about \$8,000; the average ceiling in sales management ranges

between \$12,000-\$15,000 in medium sized corporations; with some earnings going much higher. Salesmen are the one group who need no labor unions. They are the men who work up to the top executive positions. As I look ahead 10 years, the way for a young person to get ahead fastest, is to enter the sales field. To succeed, however, he has to have the interest, aptitude, persistence and personal qualifications.
